Deep Blue Glass and Surface Cleaner

Ammoniated Glass and Surface Cleaner
This multi-purpose formula utilizes chemical action for a deep clean and does not require excessive rubbing. Clinging foam coats soils, making this product ideal for inverted or vertical applications, big or small. Deep Blue contains no harmful abrasives, and the unique spray pattern covers a wide surface area for maximum economical use.

Features

Clinging foam cuts through grease, smudges, fingerprints and soils
Fortified with ammonia to clean and dry quickly
Cleans and brightens most hard surfaces
Perfect for inverted or vertical cleaning

Available In

12 - Aerosol Cans Item #09023-00

Directions for Use

1. Shake well before using.
2. Hold container upright 8 - 12 inches from surface.
3. Spray sparingly, then wipe clean.
4. Polish immediately with dry cloth.

Note: Always test first in an inconspicuous area. Not recommended for use on Plexiglas®.
