

Symplicity™ Betco® Bar Glass Detergent

Low Foam Bar Glass Detergent

Low sudsing liquid detergent for manual glass washing with brushes. Bar Glass Detergent is a combination of surfactants, wetting and dispersing agents, penetrants and antispotting agents. It removes stubborn lipstick stains and will not affect beer head. Compatible with hypochlorite, quaternary and iodine sanitizers. Not for use in automatic bar glass machines.

Features

Effective Cleaning – Removes difficult stains
Free Rinsing – improved rinsing performance
Liquid Concentrate – Economical, Saves Money
Low Foaming - Improved Performance

Available In

4 - 1 Gal. Bottles Item #25704-00

Directions for Use

1. Mix 1 to 4 ounces of Bar Glass Detergent with warm or hot water in the first sink. 2. Soak glassware in solution for several minutes. 3. Use sponge to remove difficult soils. 4. Rinse in clear, warm water in second sink. 5. Dip or place glasses in third sink containing a solution of Sanibet. (Surface of glass must remain wet for at least 1 minute.) 6. Place glasses top down on a clean, absorbent towel and allow to air dry.
