Floor Neutralizer and Cleaner/Ice Melt Remover
Formulated with neutralizing agents and surfactants to both penetrate and clean tough soils and neutralize common ice melt ingredients, such as sodium and magnesium chloride. Ideal for conditioning floors after stripping and before coating. No need for a two step process, neutralize and clean in one simple step. This amazing product leaves practically no residue.

Features

Dual performance - penetrates and neutralizes in one step
Excellent floor conditioner after strip outs
Leaves virtually no residue on the floor

Available In

4 - 1 Gal. Bottles Item #53304-00

Directions for Use

Removes ice melt and other alkaline residue from floor surfaces. Not recommended for use on Formica®, marble, polished stone or other surfaces harmed by acid products. May harm certain carpets. Test in an inconspicuous area prior to use.

DAILY CLEANING:
Dilute 2 ounces per gallon of water (1:64) and damp mop floor surface.

FLOOR NEUTRALIZER:
To remove residue from salt or calcium chloride on finished floors – dilute 5 oz. per gallon (1:25) of water. Mop or scrub floor and then follow with a clean water rinse.

NEUTRALIZE AFTER STRIPPING:
Dilute 3 oz. / gallon (1:40) of water.

Mop or scrub floor and then follow with a clean water rinse.
Please recycle empty container.
