

Crete Rx™ SI Burnishing Pad, 21", Orange (5/case)

Directions for Use

Applications

Crete Rx SI Burnishing Pad

Sealant Infused (SI) Burnishing Pads take polished concrete maintenance to the next level and are a part of the Crete Rx Honing and Polishing prescription pathway. SI pads continually fill porous concrete with sealant, pushing the sealant into the concrete itself, not a topical film. This provides excellent protection and deep gloss without floor finish. Now with an even better burnishing response.SI Burnishing Pads signficantly pop gloss while strengthening the surface.

Features

Infuses concrete or terrazzo floor with sealant to fill pores Improves gloss and protection Circumvents the need for a topical film
