

Barrier Fluid - Ocean Breeze

Suppress malodors in urinals and floor drains.

Barrier Fluid is an oil-based liquid designed to float on top of fluid in a water free urinal cartridge, a flushing urinal well, or in a floor drain. This liquid puts a physical barrier between a liquid and the atmosphere, immediately sealing off bad odors at the source.

Features

- Oil-based sealant
- Malodor counteractant
- Pleasant, long-lasting fragrance
- For use in water free urinals and floor drains

Available In

6 - 32 oz. Bottles Item #29170-00

Directions for Use

WATER FREE URINALS: Pour required amount of Barrier Fluid into the replacement Water Free Urinal Cartridge. Follow the manufacturer's instruction when adding barrier fluid. See chart on product label for fluid ounces.

FLOOR DRAINS: Pour the required amount of Barrier Fluid based on the pipe diameter in the chart found on the product label. Replacement fluid cycle varies depending on use and odor. Typically fluid should be replenished every 2 weeks.
