Top Flite™ Plus All-Purpose Cleaner

Industrial All Purpose Cleaner. Aerosol
Top Flite™ is extremely effective in the removal of grease, oil, crayon, lipstick, smoke film, coffee stains, and more. This combination of surfactants, detergents, and gycol ether paired with clinging foam make this product one of the most powerful aerosol cleaners available. Top Flite™ emulsifies soil for easy removal and is acceptable for use on most hard surfaces.

Features

Clinging foam emulsifies grease, oil, and much more for easy removal
Powerful blend of surfactants, detergents, and glycol ether
One of the most powerful aerosol foam cleaners available
For use on canvas, ceramic tile, painted walls, paneling, stainless steel, and vinyl

Available In

12 - Aerosol Cans Item #05923-00

Directions for Use

Clinging foam provides extended contact time for cleaning vertical or inverted horizontal surfaces. Stable foam emulsifies grease and oil for easy removal. Does not contain ingredients that have been shown to damage vinyl or plastic surfaces. Not recommended for use on glass or water based paints. Shake well before using. Apply product and allow to sit for several seconds. Wipe with a cloth or sponge, rinse if desired.
