

GeneSys™ 15 Cleaning Machine

Small Area Cleaning Machine

The Betco GeneSys 15 is the next generation cleaning system. Even more exciting is the availability of optional cleaning tools that allow the closed loop cleaning system to be used on carpet, upholstery, vertical surfaces, and many other hard to clean areas. The cleaning tools create 4 machines in ONE! Experience the next generation in small area cleaning, Betco GeneSys 15.

Features

- Multiple brush options for a variety of different surfaces
- Folding ergonomic handle for operator comfort and compact storage
- Removable tanks for easy filling, emptying, and clean-up
- Exclusive water containment and vacuum system to leave floor completely dry
- Full operation in forward and reverse
- 15" offset cylindrical brush to clean against vertical surfaces
- Adjustable solution flow control for a variety of applications
- Adjustable head pressure to accommodate any floor type
- Optional tool attachments can be used to clean carpet, upholstery, walls, and behind fixtures
- Low profile edge for easy toe-kick and edge cleaning
- Rear casters for superior maneuverability around obstacles
- Easy to remove brush and squeegee assemblies for simple maintenance
