Nutrient MN

High Performance Naturally Sourced Balanced Minerals

Nutrient MN is designed to provide the essential micronutrients to supplement the basic metabolic needs of wastewater biology in both aerobic and anaerobic environments. The components of Nutrient MN are all natural and proven to increase and sustain the biomass bacterial activity in a variety of municipal and industrial plants and applications

Features

Stabilizes biological populations and nutrient deficient conditions
Reduces plant sensitivity to events which may otherwise cause upset
Aids for smooth plant start-up

Available In

25- 1 lb. Pouches Item #NSP400RP5

50- 1/2 lb. Pouches Item #NSP400RP2

Bulk- 25 lbs. Item #NSP400RP6

Directions for Use

Dosing rates are dependent on temperature, pH, and content of the wastewater. Please contact your EnviroZyme representative for application-specific dosing recommendations and a referral to a distributor.

Tech Specs

Bacteria Count	N/A
Bacterial Type	N/A
DSL	N/A
Color	Green-Brown
Fragrance	None
