

# Drain & Trap 700

## Drain Maintainer

Drain & Trap 700 is a blend of beneficial microbes to digest FOG and maintain clean, free-flowing systems. This microbial blend degrades proteins, lipids, and carbohydrates found in drain lines and grease traps. The proprietary nutrient package greatly reduces the production of hydrogen sulfide odors and other foul odors that are commonly associated with anaerobic environments.

Applications: Grease Traps, Down Pipes, Lift Stations, Drains, Septic Tanks, Sewers

## Features

- 700 Billion CFU per gallon of microbes for exceptional performance
- Assists in a total odor control solution that gets rid of malodors at the source
- Won't damage pipes or traps
- Neutral formula that doesn't contain caustics or acids; safer for the end user
- Contains chemistry that makes the grease and organic matter found in drain lines and grease traps more biodegradable
- Can be applied manually or using automatic dosing systems

## Available In

**275 Gal. Disposable Tote Item #GTL329DSP**

**5 Gal. Fort Pack Item #GTL329FP5**

**55 Gal. Drum Item #GTL329D55**

## Directions for Use

Shake before use.

Start using Drain & Trap 700 after grease trap has been pumped. Pour a minimum of one gallon directly in the trap to start treatment.

## Maintenance Dosing

- 50 -100 gallon grease trap capacity: 20-25 ounces daily
- 100 - 250 gallon grease trap capacity: 25-30 ounces daily
- 250 - 500 gallon grease trap capacity: 30-35 ounces daily

## Drain Lines

Slow Flowing Drains: Shock with 4 oz. daily for the first five days then 2-4 oz. daily

## Drain Maintenance

Dose during low periods of use. Shock 4 oz. weekly

## Tech Specs

Bacteria Count	700 Billion CFU per gallon
Bacterial Type	Non-pathogenic microbes
DSL	No
Color	Blue
Fragrance	Ocean Breeze
Gram Negatives	Not present
pH	6.0 - 9.0
Temperature Range	20 - 40 Celsius
Warranty	2 Years
