

Concentrated Grease Control

Concentrated, powerful solution for grease control

Concentrated Grease Control is a high-strength biological treatment designed to support the breakdown of fats, oils, grease and organic soils. Its concentrated formulation is ideal for routine dosing programs, helps maintain free-flowing drain lines, and can reduce service calls and overall maintenance costs.

Features

- Rapidly breaks down fats, oils, and grease at the source
- Reduces recurring grease buildup
- Highly concentrated for low-dose, high-impact applications
- Contains a powerful blend of grease-degrading microorganisms
- Ideal for automatic dosing
- Used in grease traps, interceptors, and drain lines

Available In

5 Gal. Fort Pack Item #STL701FP5

55 Gal. Drum Item #STL701D55

Concentrated Grease Control 10X Item #STL701DSP

Directions for Use

Shake before use.

Apply using a metering pump or manual dosing method directly into the treatment area. For best results, dose during low-flow or overnight periods to maximize contact time. Adjust dosing rates based on grease loading, system size, and treatment objectives. For specific dosing recommendations, contact your EnviroZyme distributor.

Tech Specs

Bacterial Type	Non-pathogenic microbes
DSL	Yes
Color	Green
Fragrance	Citrus
Gram Negatives	Not present
pH	6 - 9.5
Temperature Range	20 - 40 Celsius
Warranty	18 months
Storage Temperature	10 - 20 Celsius
Storage Humidity	30 - 60
