

Biological Pond Treatment

Bacterial Pond and Lagoon Booster

Our Biological Pond Treatment is a dual use product for waste water and pond applications. This is a 5 billion count functional blend for degradation of organic muck and sediment in ponds, lakes, and open waters. In waste water plants and ponds, also effective in augmenting BOD reduction.

Features

- Reduces and eliminates muck build-up
- Helps to reduce odors associated with decaying muck and solid waste
- Water-soluble packaging for simple dosing and application

Available In

100- 1/4 lb. Pouches Item #PLP501RP3

Directions for Use

Apply Biological Pond Treatment directly into water every two weeks when water temperatures are above 50 degrees F. The pouch is water-soluble so no scooping or measuring is required.

- 1/4 Acre Pond - 1 Pouch
- 1/2 Acre Pond - 2 Pouches
- 3/4 Acre Pond - 3 Pouches
- 1 Acre Pond - 4 Pouches

Tech Specs

Bacteria Count	5 Billion CFU per gram
Bacterial Type	Non-pathogenic microbes
DSL	Yes
Color	White
Fragrance	None
Gram Negatives	Not present
pH	6 - 9.5
Temperature Range	20 - 40 Celsius
Warranty	2 Year
Storage Temperature	10 - 20 Celsius
Storage Humidity	30 - 60%
