

# Optima XR – 27 inch Propane Burnisher with Dust Control

## Optima XR Propane Burnisher – 27 inch with Dust Control

The new Optima XR (Xtended Run) propane burnisher saves a truckload of propane versus leading competition while delivering top-of-class performance. Betco's exclusive fuel delivery system increases fuel efficiency and can reduce operating costs up to 21% or \$1,100.00 annually. Combine this with simple operation, easy maintenance and an industry-leading warranty and it is the highest value propane burnisher on the market.
