

BiCarbonX™ Premium Industrial Hand Cleaner – Timber Jack

Premium Industrial Hand Cleaner and Conditioner

Patent-pending BiCarbonX™ Premium Industrial Hand Cleaner delivers performance for the toughest environments with a skin-conditioning experience the toughest workers deserve.

Plus, unlike any other grit formula, it offers the industry's only Clog-free Guarantee - no more clogged pipes filled with insoluble exfoliant!

Enjoy the woody Timber Jack fragrance – or, select from Orange Crush or Cherry Blast.

Features

- Dermatologist recommended
- 40% more exfoliant than leading competitors
- Natural deodorizers leave only fresh, clean scent
- Increases skin moisture after initial wash while competitors decreased moisture
- Up to 80% savings – conditioning formula eliminates secondary lotions
- Clog-free Guarantee
- Highly sustainable with bio-based ingredients and no negative downstream effects
- Four pumps included in the case of gallons

Available In

4 - 4 L Triton Bottles Item #70831-00

Directions for Use

Shake well before initial use. Dispense product onto dry hands; working into palms back of hands, knuckles and under fingernails. To rinse, continue to run hands under running water until clean. Note: The natural ingredients in this formula may cause some separation. If water is dispensed with little to no product, the bottle is depleted and should be replaced. In the unlikely event that water is dispensed with product remaining, then shake.
