

Bacteria Concentrate 2,000 B 20X NF

Non-Formulated DSL Concentrate 20X 2,000 Billion CFU per Gallon Wide-Range Degradar

Bacteria Concentrate 2,000 B 20X NF is specially designed and packaged for the digestion of starches, carbohydrates, fats, grease, and oils for a wide variety of applications.

To assure optimal performance of these organisms they should be blended together with "high potency" nutrients, stimulants and surfactants to form a wide range of finished formulations.

Features

- Able to degrade a broad spectrum of waste and organic material
- Cost effective, flexible packaging options
- Helps to prevent emergency blockages
- Reduces grease and organic build-up to lower disposal costs

Available In

5 Gal. Fort Pack Item #FML201FP5

55 Gal. Drum Item #FML201D55

Directions for Use

Shake before use. DILUTION RATE: Bacteria Concentrate 2,000 B 20X NF has a dilution factor of 19:1.

To prepare the end use product, mix 1 part of the concentrate with 19 parts of water, fragrance, surfactant, etc. to yield 20 parts of the ready to use solution.

Tech Specs

Bacteria Count	2,000 Billion CFU per gallon
Bacterial Type	Non-pathogenic microbes
DSL	Yes
Color	Brown
Fragrance	None
Gram Negatives	Not present
pH	6 - 9.5
Temperature Range	20 - 40 Celsius
Warranty	1 Year
Storage Temperature	10 - 20 Celsius
Storage Humidity	30 - 60
